Learn about the Invisalign® advantage.

Avantages de choisir **invisalign®**

**Invisalign**

- Clear aligners are virtually invisible
- Smooth, comfortable plastic aligners
- Aligners are removable for easy cleaning
- Eat whatever you want

**Braces**

- Require brackets and wires
- Wires can poke and irritate mouth
- Brushing and flossing require more effort
- Many food restrictions

**invisalign®**

- Gouttières transparentes pratiquement invisibles
- Gouttières lisses et confortables
- Gouttières amovibles facilitant le nettoyage
- Pas de restriction alimentaire
- Temps de traitement parfois 15-20% plus court
- Moins de visites à la clinique
- Intervalle entre rencontres 8 à 12 semaines

**Appareils fixes (Broches)**

- Nécessite boîtiers et fils
- Possibilité d'irritation à l'intérieur de la bouche
- Demande plus de temps et d'effort pour les mesures d'hygiène buccale
- Plusieurs restrictions alimentaires
- Intervalle entre rencontres 6 à 8 semaines

### INVISALIGN VS. METAL BRACES

We're here to help you get the healthy, beautiful smile you've always wanted! If you are considering braces you may be thinking about your treatment options. Patients often ask us to compare Invisalign and traditional metal braces. Check out the chart below to learn about the similarities and differences.

INVISALIGN		METAL BRACES
<b>APPEARANCE</b> Virtually invisible. Invisalign uses a set of custom-made, clear, removable aligners to straighten teeth without braces, metal wires, or brackets.		Metal braces use arch wires and brackets to straighten teeth. While metal braces are noticeable, modern high tech appliances make for a streamlined appearance.
<b>TREATMENT GOALS</b> Crowding, spacing, cross bite, over bite and under bite.		Crowding, spacing, cross bite, over bite and under bite.
<b>MAINTENANCE</b> Easier to clean because the aligners are removable. Brush and floss teeth regularly. Brush and rinse trays with warm water.		Brush brackets and wires regularly while brushing teeth. You may need a little practice to floss around the wires. Rinsing with mouthwash is also helpful.
<b>FOLLOW UP VISITS</b> May require visits every 8 to 12 weeks.		May require visits every 6 to 8 weeks.
<b>APPROXIMATE TREATMENT TIME</b> 12-15 Months		12-15 Months
<b>BENEFITS</b> <ul style="list-style-type: none"> <li>• Invisible</li> <li>• Easier to clean because they are removable</li> <li>• Comfortable</li> <li>• No difficulty eating</li> <li>• No discomfort from wires</li> <li>• Fewer and less frequent appointments</li> </ul>		<ul style="list-style-type: none"> <li>• May be more efficient for some patients depending on the type of correction</li> <li>• Make them fun and colorful with your choice of rubber bands</li> <li>• Most affordable of all types of braces</li> <li>• Durable, rarely break</li> </ul>
